DFMO.NET

Information Agency

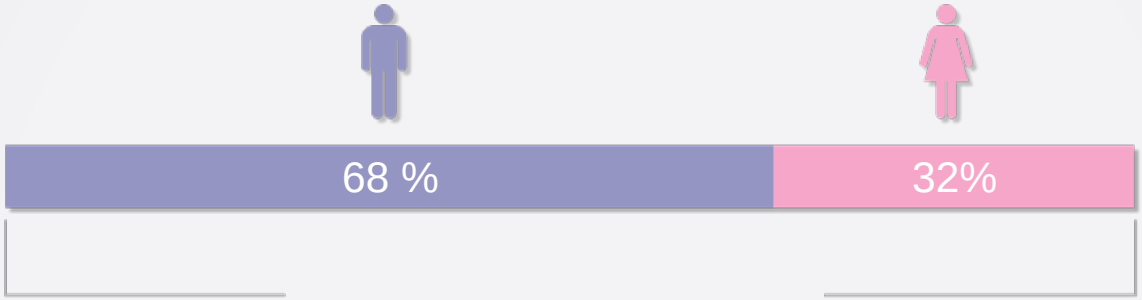
DFMO.NET

The DFMO.NET brand came to life in autumn of 2006 as a magazine. Within the next 4 years, the staff of the magazine evolved expanding its geography, increasing the amount and the quality of content on the entertainment industry.

As of today, DFMO.NET is the leading Russian information agency in the industry of entertainment: interviews, reports, announcements, the latest showbiz news, news from computer games world, movie, sports and fashion news.

DFMO.NET supplies information to both mass media and its subscribers: text, photos and videos.

OUR AUDIENCE



- The base of the service's subscribers accounts for 20 000 people. The audience of the center's news feed reaches to 3 000 visitors per day.

- There are not only common readers among subscribers, but entertainment industry personalities: promoters, producers, musicians, actors, computer games developers, entrepreneurs, investors, bloggers and representatives of mass media.

  DFMO.NET is actively quoted not only by the classic mass media, but also in Russian-speaking gaming, entertainment and music blogs as well as on forums and in social networks.

  DFMO.NET is aimed to work worldwide and has reporters at its disposal not only in Russian regions, but also in CIS countries, Bulgaria, Western Europe, Asia and the USA.
